CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: RESIDENTS AND BUSINESSES OF BURROWS AVENUE

RE: 2020 LOCAL STREET RENEWAL PROGRAM – BURROWS AVENUE (WESTBOUND)
FROM MAIN STREET TO POWERS STREET

Please be advised that Burrows Avenue is part of the City of Winnipeg’s 2020 Local Street Renewal Program.

Construction start: Week of June 1, 2020, weather permitting
Duration: Approximately 10 weeks
Impacted streets: Burrows Avenue (Westbound) from Main Street to Powers Street

During construction, westbound traffic will be limited to one lane. Parking on Burrows Avenue will be prohibited during construction. Pedestrian access to all business and residences will be maintained.

Work will include concrete pavement repairs, sewer repair, adjustment of catch basins/catch pits and manholes, replacement of curbs, renewal of curb ramps, sidewalk renewals where required, boulevard restoration, and asphalt overlay.

Garbage and recycling will continue at regular times and location. The contractor will relocate bins and replace them following collection. We ask that you please clearly mark your address on your bins to help the contractor return them to the correct address.

We understand that now is a time of much uncertainty, but want to assure you we are proceeding on the assumption that construction season will continue amid the COVID-19 pandemic. Additionally, as the health and safety of both the public and our staff and contractors is paramount, we will be modifying our work plan as required by Manitoba Health recommendations for the industry.

Please contact us with any accessibility needs or questions about the project at 204-986-3249. We appreciate your patience during construction and look forward to completion of the Burrows Avenue street renewal project.

Sincerely,

Cory Humbert, C.E.T.
Technology Services Branch

Cc: Monica Li, Engineering Division
Councillor Ross Eadie, Mynarski Ward
Debbie Mikuluk, Customer Services Division
