RE: 2020 Local Improvements – Ferry Rd. alley (The 1st North/South alley West of Ferry Rd. bounded by Ferry Rd., St. Matthews Ave. and Silver Ave.)

Work on the 1st North/South alley West of Ferry Rd. bounded by Ferry Rd., St. Matthews Ave. and Silver Ave. will begin on September 14, 2020.

Scheduled Construction start: September 14, 2020
Duration: Seven weeks (weather permitting)

The work will include installation of land drainage sewer, excavation of the existing lane, and placement of sub-base and base course material followed by an asphalt pavement surface. This work will be followed by driveway/approach restorations and boulevard grading where required.

During construction, the alley will be closed to ALL traffic. Residents are asked to park elsewhere during the construction period.

Please note, regular garbage pickup and recycling days will not change, however garbage and recycling for ALL alley residents should be placed on the front street for pickup for the duration of the construction project. Collection of both services will resume in the alley once the entire alley is reopened to vehicular and pedestrian traffic.

Some tree pruning may be completed to provide clearance for construction equipment. If you have flower beds/gardens or any miscellaneous items within proximity to the alley, please remove them to prevent damage. Additionally, if you have any underground appurtenances, such as sprinkler systems, lighting cables, etc. within 1.0 meter (3 feet) of the existing lane, please notify Mr. Andrew Boboski of WSP Canada Group Limited at 204-477-7608 or by email at info.wpg@wsp.com, during regular working hours.

The general contractor for this project will be Asphaltec Paving Ltd. They can be contacted in case of construction emergency at (204) 336-3300.

We appreciate your patience during construction.

Sincerely,
WSP Canada Group Limited
