CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: Residents and Business Owners on Jamison Avenue between Henderson Highway and Roch Street

RE: Local Street Renewals Project – 2020 Construction

Please be advised that Jamison Avenue from Henderson Highway to Roch Street will be closed in stages beginning in mid-May.

Construction start: Mid-May, 2020
Approximate Duration: 4 Weeks
Impacted streets / intersections: Henderson Highway, Brazier Street, Roch Street

Work on Jamison will complete unfinished work and correct deficiencies.

Garbage and recycling will continue to be picked up at regular locations and times. The contractor may relocation your bins and replace them following collection if required. To assist in that process, we ask that you ensure that your address is clearly written on your garbage and recycling collection bins.

Transit service will be maintained throughout construction, though temporary bus stop relocations or closures may be required at various times.

Construction will impact traffic, parking and access. Details and instructions regarding construction and traffic staging, access impacts and parking will be provided in a second notice issued approximately one week prior to the start of construction.

Work will be staged to permit continuous access to businesses which access from Jamison Avenue and do not have secondary access options throughout construction.

If you are a business with access, delivery or loading requirements that we should be aware of, please contact us to discuss your needs.

If you have accessibility concerns, planned special events, known underground appurtenances (such as sprinklers or lighting cables) within three metres of the street property line, or any questions or concerns, please us to discuss

KGS Group is the City’s contract administrator for this project. Please contact Jarrod Boscow at 204.791.4441 or at jboscow@kgsgroup.com with any questions or concerns regarding the work.

We understand that now is a time of much uncertainty, but want to assure you we are proceeding on the assumption that construction season will continue amid the COVID-19 pandemic.

As restrictions around COVID-19 continue to evolve, we will continue to use alternate means of communication as necessary to ensure that any discussions we are unable to have in-person still occur. If you anticipate being away from your business and/or mailbox for an extended period of time, please contact us with an alternative address, phone number, and email at which we can reach you, leading up to and during construction.

Additionally, as the health and safety of both the public and our staff and contractors is paramount, we will be modifying our work plan as required, as per Manitoba Health recommendations for the industry.

We appreciate your patience during construction and look forward to completion of the Jamison Avenue improvements.

Sincerely,

Jarrod Boscow, P.Eng.
