CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: Residents / Businesses

RE: 2019 Street Renewal Program: Olive Street from Braintree Crescent to Ness Avenue

Work on Olive Street from Braintree Crescent to Ness Avenue will begin on May 25, 2020, weather permitting. This project will take approximately eight weeks to complete and will include: sidewalk renewal, utility and underground infrastructure repairs and adjustments, reconstruction of the street with concrete curb and asphalt pavement.

We understand that now is a time of much uncertainty, but want to assure you we are proceeding on the assumption that construction season will continue amid the COVID-19 pandemic.

As restrictions around COVID-19 continue to evolve, we will continue to use alternate means of communication as necessary to ensure that any discussions we are unable to have in-person still occur. If you anticipate being away from your business and/or mailbox for an extended period of time, please contact us with an alternative address, phone number, and email at which we can reach you, leading up to and during construction.

Additionally, as the health and safety of both the public and our staff and contractors is paramount, we will be modifying our work plan as required, as per Manitoba Health recommendations for the industry.

Construction Staging and Traffic Management

The street will be closed to all except local traffic. Local traffic will be maintained, apart from during asphalt paving operations when one direction may be closed for a portion of a day.

Parking and Emergency/Pedestrian

Parking on the street will be prohibited during construction. Emergency and pedestrian access will be maintained, although sidewalk access may be disrupted temporarily at times due to sidewalk repairs/renewals.

Garbage and Recycling

Garbage and recycling will continue to be picked up at the regular times and locations. Please ensure that your house number is clearly marked on both your garbage and recycling bin. If garbage pick-up is on the front street, the contractor will be responsible for relocating your bins to an area where they can be accessed by the collection trucks and returned before the end of the day.

For more information on major construction projects:
Visit winnipeg.ca/publicworks or call 311
Anyone with accessibility needs, moving requirements, planned special events, any underground appurtenances, such as sprinkler systems, lighting cables, etc. within six metres (20 feet) of the street curb line or any other questions should contact Richard Hawkins from WSP Canada Group Limited at (204) 477-7608, during regular working hours or by email at info.wpg@wsp.com.

The general contractor for this project will be JC Paving Ltd. They can be contacted in case of construction emergency at (204) 989-4700.

We appreciate your patience during construction.

Sincerely,

WSP Canada Group Limited
