CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: Residents / Businesses

RE: 2019 Street Renewal Program: Palliser Avenue from Mount Royal Road to Mount Royal Road

We wish to advise you that the above street renewal project work will begin on May 19, 2020, weather permitting and will take approximately six weeks to complete. The work will include: roadway pavement repairs, curb replacement, sidewalk repairs, utility and underground infrastructure repairs and adjustments, and placement of asphalt pavement overlay.

We understand that now is a time of much uncertainty, but want to assure you we are proceeding on the assumption that construction season will continue amid the COVID-19 pandemic.

As restrictions around COVID-19 continue to evolve, we will continue to use alternate means of communication as necessary to ensure that any discussions we are unable to have in-person still occur. If you anticipate being away from your business and/or mailbox for an extended period of time, please contact us with an alternative address, phone number, and email at which we can reach you, leading up to and during construction.

Additionally, as the health and safety of both the public and our staff and contractors is paramount, we will be modifying our work plan as required, as per Manitoba Health recommendations for the industry.

Contractor
The contractor for this project will be JC Paving Ltd. (204) 989-4700

Construction Staging and Traffic Management
The work will be divided into two stages – one lane at a time. The street will remain open to local traffic in both directions at all times, as will access to public lanes and intersecting streets. An exception is during asphalt paving operations when one direction may be closed for the portion of a day.

Parking and Emergency/Pedestrian
Parking on the street will be prohibited during construction. Emergency and pedestrian access will be maintained, although pedestrian circulation may be disrupted at times due to sidewalk repairs/renewals.

Garbage and Recycling
Garbage and recycling will continue to be picked up at the regular times and locations. Please ensure that your house number is clearly marked on both your garbage and recycling bin. If garbage pick-up is on the front street, the contractor will be responsible for relocating your bins to an area where they can be accessed by the collection trucks and returned before the end of the day.

Anyone with accessibility needs, moving requirements, planned special events, any underground appurtenances, such as sprinkler systems, lighting cables, etc. within six metres (20 feet) of the street curb line or any other questions are asked to contact Richard Hawkins from WSP Canada Group Limited at (204) 477-7608, during regular working hours or by email at info.wpg@wsp.com.

We appreciate your patience during construction.

Sincerely,

WSP Canada Group Limited
