TO: RESIDENTS OF PALMS BOULEVARD

RE: 2019 LOCAL STREET RENEWAL PROGRAM
   • PALMS BOULEVARD – BURROWS AVENUE TO GARDEN GROVE DRIVE

Please be advised that the Palms Boulevard street rehabilitation project that was originally planned for 2019 is scheduled to begin soon.

Construction Start: Week of May 19, 2020, weather permitting
Duration: Approximately 3-4 weeks

Work will include milling of asphalt pavement and concrete curbs, renewal of concrete curbs at intersections, construction of asphalt overlay, installation of asphalt curb, and re-grading and sodding of boulevards where required.

On-street parking will be prohibited during construction. One lane of local-access traffic as well as pedestrian access will be maintained.

Garbage and recycling will be picked up at regular locations and times. The contractor may relocate bins and replace them following collection if required.

We understand that now is a time of much uncertainty, but want to assure you we are proceeding on the assumption that construction season will continue amid the COVID-19 pandemic. Additionally, as the health and safety of both the public and our staff and contractors is paramount, we will be modifying our work plan as per Manitoba Health recommendations for the industry.

Please contact us with any accessibility needs or questions about the project at 204-986-3249 or chumbert@winnipeg.ca. The contractor responsible for the construction is JC Paving Ltd., who can be reached at 204-989-4700.

We appreciate your patience during construction and look forward to the completion of this street renewal project.

Sincerely,

Cory Humbert, C.E.T.
