TO: RESIDENTS AND BUSINESSES OF PARK LANE AVENUE

RE: CITY OF WINNIPEG - 2020 LOCAL STREET RENEWAL PROGRAM
PARK LANE AVENUE/KING EDWARD STREET FROM SELKIRK AVENUE TO 20 PARK LANE AVENUE

We wish to advise you that the above street renewal project has been approved for construction this summer as part of the City of Winnipeg’s 2020 Local Street Renewal Program.

We understand that now is a time of much uncertainty, but want to assure you we are proceeding on the assumption that construction season will continue amid the COVID-19 pandemic.

As restrictions around COVID-19 continue to evolve, we will continue to use alternate means of communication as necessary to ensure that any discussions we are unable to have in-person still occur. If you anticipate being away from your business and/or mailbox for an extended period of time, please contact us with an alternative address, phone number, and email at which we can reach you, leading up to and during construction.

Additionally, as the health and safety of both the public and our staff and contractors is paramount, we will be modifying our work plan as required, as per Manitoba Health recommendations for the industry.

With that in mind, information for this project is as follows:

**Construction Start Date:** Week of May 19TH, 2020, weather permitting

**Duration:** Approximately six to seven weeks, weather permitting

**Parking & Pedestrian Access**
Parking will be prohibited during construction. Pedestrian access to all business and residences will be maintained.

**Scope of Work**
The work will include adjustment of catch pits and manholes, concrete pavement repairs, curb and sidewalk renewals where required, boulevard restoration and asphalt overlay.

**Traffic Management**
- During construction, traffic will be limited to one-way (southbound/eastbound) on King Edward Street/Park Lane Avenue from Selkirk Avenue to #60 Park Lane Avenue
- Construction information signs will be placed on northbound and southbound Keewatin Street advising motorists to detour via Selkirk Avenue.
Southbound yield from northbound Oak Point Hwy. (Route 90) on to Park Lane Avenue will be maintained throughout construction.

**Garbage and Recycling**
Garbage and Recycling will continue to be picked up at the regular times and location. The Contractor will relocate bins and replace them following collection if required.

**Contractor**
The Contractor responsible for the roadwork construction is Bituminex Paving Ltd., who can be reached at 204-237-6253

**Additional Information**
We recognize that this project will cause some inconvenience and disruption and we thank you for your understanding and patience during construction.

Those with accessibility needs, moving requirements, underground appurtenances, such as sprinkler systems, lighting cables, etc. within six meters (20 feet) of the street curb line or questions about the project, are asked to contact Richard Weibel at 204-805-0104, during regular working hours.

Sincerely,

Richard Weibel, C.E.T.
Technology Services Branch
