## CITY OF WINNIPEG CONSTRUCTION NOTICE

**TO: Resident/Business on Roblin Boulevard**

**RE: 2020-2021 Roblin Boulevard Pavement Renewals – Windmill Way to Dieppe Road**

---

Please be advised that the first phase of road rehabilitation for Roblin Boulevard will begin June 8<sup>th</sup>, 2020.

Construction start:	June 8, 2020
Duration:	Roadworks to be completed by September 2020
Impacted streets and intersections:	Roblin Boulevard in both directions from Stack Street/Windmill Way to Shelmerdine Drive

Phase 2 will begin in May 2021 and will include Roblin Boulevard in both directions from Shelmerdine Drive to Dieppe Road.

Work includes removing existing asphalt, patching the existing concrete pavement where required, and renewing most of the curbs and sidewalks. Traffic signals will be renewed as and some repairs to sewers will be performed. The road work will be completed with a thick layer of new asphalt and new sod landscaping where required. This work will improve drainage and rideability and extend the life of the roadway.

Traffic will be restricted to one lane in each direction. Local access will be permitted via the closed lanes to ensure access to residences and businesses is maintained. Garbage and recycling pickup will remain unchanged.

Pedestrian access to residences and businesses will be maintained throughout construction. Transit service will be maintained, however some stops may be temporarily relocated or closed for short periods of time.

There are locations along the street where private vegetation and trees encroach across the public sidewalk. Pruning may be necessary for the planned work and will be performed by qualified arborist at no cost to you.

Anyone with accessibility concerns, special access requirements or if you have any other questions regarding this construction, please contact Nikki Lewis, E.I.T. with Stantec Consulting by phone at (204) 204-298-7297.

Sincerely,

**Scott Suderman, P.Eng**
