TO: RESIDENTS AND BUSINESSES
RE: CITY OF WINNIPEG
2020 DOWNTOWN SIDEWALK RENEWALS
ST. MARY AVENUE FROM KENNEDY STREET TO VAUGHAN STREET (NORTH SIDE)

Please be advised that the above downtown sidewalk project has been approved as part of the City of Winnipeg’s 2020 Downtown Sidewalk Renewal Program.

Construction start: Week of October 5th
Duration: Approximately three weeks, weather permitting

Traffic Management
Traffic will be maintained with the curb lane closed for construction.

Scope of Work
The work will include removal of the existing paving stone sidewalks and curbs and installation of new concrete curb and sidewalk with paving bands.

Parking & Pedestrian Access
During construction, on-street parking will be prohibited on the north side of St. Mary Ave and the curb lane will be barricaded. Pedestrian access to all business and residential premises will be maintained. Vehicular access to private property may be affected depending on the current work. All disruptions will be communicated with the affected property owner prior to the work commencing.

If you have accessibility concerns, special access requirements, underground appurtenances, such as sprinkler systems, lighting cables, etc. within six meters (20 feet) of the street curb line or any other questions regarding this construction, please contact Richard Weibel at 204-805-0104.

We appreciate your patience during construction and look forward to completing the sidewalk renewals on this section of St. Mary Avenue.

Sincerely,

Richard Weibel, C.E.T.
