CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: Residents and Business Owners
RE: Alley Renewals and Local Improvement Alleys
Alley between Toronto St and Victor St, from Ellice Ave to St Matthews Ave

Construction of the Toronto/Victor Alley is scheduled to begin within the next two weeks.

Construction Start: July 6, 2020
Approximate Duration: 8 Weeks
Impacted streets / intersections: Toronto St, Victor St, Ellice Ave, St Matthews Ave

Work will include removal of the existing alley and the construction of a new asphalt alleyway. The new alleyway will have improved drainage and smoother ride.

The alley will be closed in phases and properties within each phased zone will have no alley access during their respective closures. We will make every effort to maintain alley access for properties that are outside the active phase’s limits. The locations and approximate durations of each are outlined on the attached sketch.

Time-limited parking restrictions on Toronto St and Victor St will be temporarily lifted during construction to provide additional local parking for impacted residents. Please note that other parking restrictions, such as loading zones or fire hydrants, will remain in effect.

Garbage and recycling will be picked up on the front street on your regular collection days. To avoid confusion, we ask that you ensure that your address is clearly written on your garbage and recycling collection bins.

If you are a business with access, delivery or loading requirements that we should be aware of, please contact us to discuss your needs.

If you have accessibility concerns, planned special events, known underground appurtenances (such as sprinklers or lighting cables) within three metres of the alley property line, or any questions or concerns, please contact us to discuss.

We recognize the fact that this project will cause you some inconvenience and disruption and apologize for this. Should you have any questions concerning the project at any time, please contact Jarrod Boscow at 204.791.4441 or at jboscow@kgsgroup.com.

We appreciate your patience during construction and look forward to completion of the Toronto/Victor Alley improvements.

Sincerely,

Jarrod Boscow, P.Eng.
