CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: Residents

RE: 2021 Alley Renewals –The Alley Bounded by Westminster Avenue, Dundurn Place, Walnut Street and Maryland Street

Please be advised Phase 1 of the above project will soon begin.

Phase 1 construction start: July 19, 2021
Phase 1 and 2 total duration: 8 weeks

Phase 1 addresses: #740 to #768 Westminster Ave. and #11 to 51 Dundurn Pl.
Phase 2 addresses: #84 to #100 Maryland St.

During Phase 1

We will install a new land drainage sewer, excavate the existing lane, and place new sub base and base course material followed by a new asphalt pavement surface. The newly placed sub base and base course materials will provide a load bearing structure, as well as assist with drainage, under the asphalt. This work will be followed by driveway/approach restorations and boulevard grading where required.

The affected portion of the alley (#740 to #768 Westminster Ave and #11 to #51 Dundurn Pl) will be closed to all traffic. Residents are asked to park elsewhere during the construction period. The existing two (2) hour parking restrictions on Westminster Ave. and Dundurn Pl. will be temporarily removed during the construction.

Garbage pickup and recycling days will not change, however all alley residents should be placed their bins on the front street for pickup for the duration of the construction project. Due to the potential of parked cars, we are asking affected residents on Dundurn Place to place their garbage and recycling bins on the south boulevard (across the street from their residences) for the duration of construction. Collection of both services will resume in the alley once the entire alley is reopened.

Some tree pruning may be completed to provide clearance for construction equipment. If you have flower beds/gardens or any miscellaneous items within proximity to the alley, please remove them to prevent damage. Additionally, if you have any underground appurtenances, such as sprinkler systems, lighting cables, etc. within 1.0 meter (3 feet) of the existing lane, please notify Mr. Andrew Boboski of WSP Canada Inc. at 204-477-7608 or by email at info.wpg@wsp.com, during regular working hours.

The general contractor for this project will be Asphaltec Paving Ltd. They can be contacted at (204) 336-3300.

We appreciate your patience during construction.

Sincerely,

WSP Canada Inc.
