RE: 2021 REGIONAL STREET PAVEMENT RENEWALS PANDORA AVENUE EAST AND DAY STREET

Please be advised that Pandora Avenue East from Day Street to Wayoata Street will be under construction commencing June 7, 2021 and then Day Street from Pandora Avenue East to Regent Avenue will be under construction later in the summer.

Pandora Avenue will be built in three stages. Each stage will be completely closed to traffic throughout the construction of that stage, starting at the east end. Cars must detour to Regent Avenue; trucks are being asked to use Plessis Road and Dugald Road. Pedestrian access to businesses and residences will be maintained.

Access to the East End Community Centre and the CN Campus will be maintained throughout the duration of the project.

The work on Pandora Avenue East will include a short sewer extension, some sidewalk replacements, a new bi-directional bike path, boulevard restoration, removal of existing pavement installation of granular road material and construction of a new concrete roadway and curbs.

The work on Day Street will include planing of the existing asphalt overlay, pavement repairs, some sidewalk and curb renewals, and construction of a new asphalt overlay.

Construction start: June 7, 2021
Duration: approximately 18 weeks
Affected streets and intersections:
- Pandora Avenue East from Day Street to Wayoata Street
- Day Street from Pandora Avenue to Regent Avenue

Garbage and recycling collection will not be affected.

Emergency access will be maintained throughout the duration of the project.
