RE: CITY OF WINNIPEG
2021 LOCAL STREET RENEWAL PROGRAM
GROSVENOR AVENUE RECONSTRUCTION – HARROW STREET TO STAFFORD STREET

Please be advised that Grosvenor Avenue between Harrow Street and Stafford Street is scheduled to be reconstructed between the end of May 2021 and early November 2021. We are writing now to ensure you receive proper notice of impacts to your area. You will receive another notice with greater detail approximately one to two weeks before construction begins.

Construction start: Late May 2021

Duration: To be determined and detailed on the next notice

Traffic implications:

- During construction, Grosvenor Avenue will be closed to all traffic. During construction, on-street parking is available on the adjacent streets including Yale Avenue, Dorchester Avenue, as well as on Grosvenor Avenue east and west of the project limits
- Transit services will be rerouted to an adjacent street during construction. Further details will be provided with the next notice.
- Emergency access will be maintained throughout
- Pedestrian access to local businesses shall be maintained at all times
- Parking will be restricted on Grosvenor Avenue
- We will contact you personally in advance if your property will be affected

As part of this project we will remove existing pavement, and replace it with a new asphalt roadway, install new street lighting, adjust manholes, renew the sidewalk and restore the boulevard, and construct new concrete curbs and gutters.

During construction the garbage and recycling collection will not be affected; you are asked to continue to place your bins out on collection day. The contractor will relocate the garbage and recycling as needed. Please put your house number on your collection bins so our crews can return them to the proper locations.

If you have accessibility concerns, special access requirements, or any other questions regarding this construction, please contact Grant Colvin of Dillon Consulting Limited at 204-223-8042.

Sincerely,

DILLON CONSULTING LIMITED
