### Open House

Tuesday, December 13, 2016  
4:00pm - 8:00pm

**Southdale  
Community Centre,  
254 Lakewood Blvd.**

Drop-in anytime during the session

In early 2016, the City of Winnipeg initiated the preliminary design for Fermor Avenue between St. Anne's Road and Archibald Street, including the bridge over the Seine. A preliminary design option for the road and bridge rehabilitation as well as improvements to the pedestrian and cycling network have been developed for the study area.

At the open house you can view the preliminary design ideas for the bridge rehabilitation and roadworks, and learn about pedestrian & cycling infrastructure, and intersection & road improvements.
