Mar 02 20 12:01:59 pm	49.94707772	-97.1228528	'- It's as bright as day. I would prefer either fewer lights, less blue/cold light more yellow/warm light, or both. - I'm fine with intermittent flickering in the cold if the LEDs keep the cost down.	3 - Neither poor nor good	Lights are too bright., This location has too many lights., I'm dissatisfied with the colour/hue of light here.
