

# Brady Road Resource Management Facility

Community Liaison Committee  
May 27, 2020

# Brady CLC

## The impact of COVID-19 on Brady

- Brady has been identified as an essential service
- Split shifts to keep staff physically separated
  - if one employee were to get sick, entire shift would go into isolation
- Practicing social distancing at the depots—only one vehicle permitted to use a bin at a time
- Following SWANA recommendations to maintain a safe, controlled environment
- Medical waste does not go to Brady

# Brady CLC

## The impact of COVID-19 on Brady Cont'd

- Seeing an increase in tonnages at Brady
- As weather improves, increase in depot traffic

# Brady CLC

## Landscaping and Long-term Site Planning

- Continuing work with our Naturalist Services
  - planting trees and shrubs on berms

# Brady CLC

## Odour, Noise and Nuisance Management

- Received 15 odour complaints since last meeting
  - from 9 individuals
  - 4 were determined not to have originated from Brady
- Falconers back on site for bird management
- Challenges with litter collection/physical distancing
  - working on mechanical solutions to address litter

# Brady CLC

## Site Improvements, Seasonal & Project Activity

- Upgrading of service road along Perimeter will occur this summer
  - some trees and fencing on east end of site will be lost
  - fence will be rebuilt and trees replanted
- Curbside yard waste collection for 2020 began May 4
- Annual compost giveaway has been postponed (details to come)

# Brady CLC

## Reducing the Impact on the Environment

- Expanding landfill gas capture system into cells 30 & 31
  - includes drilling wells, excavation, seeding and vegetating north slope of cell 30
  - odours expected for a day or two during construction
  - once done, odours will be improved
  - plan to have work done by fall 2020

# Brady CLC

## Research Partnerships & Resource Development

- RFP issued and awarded to Tetra Tech for LFG to energy study
  - looking at the best way for us to use the LFG

# Brady CLC

## New business

- Organics pilot RFP has been awarded and is in the development phase
  - will include 4,000 homes
  - studying route selection, container type, etc.
  - plan to launch in fall 2020
- Working on a recycling video
- Recent recycling messaging has been focused on COVID-19 related items (masks, gloves, tissues, etc.)
