## Odour, Noise and Nuisance Management

- Received 24 odour complaints since our last meeting
- Improvement from 2022, as we received 45 complaints
- Litter control continues
  - Using wind fencing
  - New Directions and Siloam Mission helping with litter picking onsite
- Using intermittently alternate daily cover by using a spray on product called Posi Shell (clay binders mixed with water)

## New Business

- The Comprehensive Integrated Waste Management Strategy (CIWMS) is the City's plan for managing garbage and recycling. The CIWMS was approved by City Council in 2011.
- An update will help us improve our programs and services for all customers (i.e., residential, multi-unit, industrial, commercial, institutional, construction and demolition, the City of Winnipeg corporation), and ensure they are aligned with City policy documents, such as our Winnipeg and the Climate Change Action Plan.
