

An invitation to

Recycling Open Houses

Water and Waste Department

We are considering how to collect recyclables from your home:

- ▶ **continuing with blue box collection, or**
- ▶ **changing to automated cart collection**

We want to hear your views on ways to improve the recycling program!

You can see the carts, and staff will be available to answer your questions.

For details on the open houses, collection options, and other ways to provide your comments:
