To Residents

## **Notice of Upcoming Sewer Construction on Victoria Avenue from Wayoata Street to Laurentia Bay**

Starting the week of March 12, 2018, we will begin an five-week project to install a new relief sewer to provide additional capacity to the sewers in the area.

### **During Construction:**

- Your water and sewer service will not be interrupted. Nor will your recycling and garbage collection be affected.
- There may be some parking and traffic restrictions. Please follow the posted road signs.

To keep your children safe, please keep them away from the construction site at all times.

We will restore any damaged boulevard and pavement areas as soon as possible in the spring.

We understand that this project may cause you some inconvenience and disruption, and we appreciate your patience.

Funds from the City's budget will pay for this project.

J-Con Civil Limited is the contractor for this project.

If you have any questions or concerns regarding this project, please contact Mark Falconer, of CH2M, the City's consultant on this project, at 204-488-2214 ext. 73055 during regular business hours or by email at [Mark.Falconer@ch2m.com](mailto:Mark.Falconer@ch2m.com). The after-hours emergency number is 311.
