Attention: Biosolids Stakeholders

Invitation to a Public Meeting to Comment on the Future of Biosolids

We are developing a plan to manage our community's biosolids to 2037 in an environmentally sound and cost-effective manner, while meeting Provincial regulations.

More than 13,000 dry tonnes of biosolids, the nutrient-rich, organic, solid end-product of sewage treatment, are produced annually at Winnipeg's three treatment plants.

We invite you and other interested representatives of your organization to a public meeting to comment on the potential options for managing biosolids.

	Tuesday, January 14, 2014	Wednesday, January 15, 2014
Registration and coffee	5:30-6:00 pm	9:00-9:30 am
Presentation	6:00-6:30 pm	9:30-10:00 am
Question and answer period	6:30-7:30 pm	10:00-11:00 am

Location Manitoba Children's Museum, 45 Forks Market Rd

You can see the options, as well as supporting information, on our website at wwdengage.winnipeg.ca

You can also give us your comments by **Friday, January 24, 2014:**

- by commenting on our website at wwdengage.winnipeg.ca/biosolids
- by email at wwdfeedback@winnipeg.ca
- by mail to 112-1199 Pacific Ave, Winnipeg MB, R3E 3S8, Attention: Biosolids Consultation

If you plan on attending a meeting, please RSVP; details are on the website or you can phone 311.

We will include public feedback in our final report.

If you have any questions about the public meetings or the biosolids options, please contact Arnold Permut, Wastewater Systems Planning Engineer, by email at apermut@winnipeg.ca or by phone at 204-986-4817 during regular business hours.

We look forward to seeing you there.
